North West Autumn Tour 2014

12° North, the fresh and dynamic North West Graduate Dance Company continues its tour of the North with brand new work by Filip van Huffel (Retina Dance). Huffel's trademark choreography is 'bold, strong and athletic'. The company also performs 'LUCID' by award winning choreographer, James Wilton. His dance is daring, spectacularly physical, accessible and with infectious energy.

Topping off the triple bill, 12° North performs 'Battlefield Boy'. Choreographed by Debbie Milner and Elisa Macauley, this is humorous and moving dance theatre for all ages. Follow our battalion of teenage Tommy's as they say their goodbye's.

'Battlefield Boy' was commissioned by Falinge Park High School for 'Project Tommy' at the Imperial War Museum.
